WOMAN SUFFRAGE LOSES IN VIRGINIA

Leedy Resolution Gets Big Majority in State Senate

CONTEST ON ALL DAY

Upper Branch of General Assembly Votes Down Proposal to Submit Issue to Referendum

Richmond, Feb. 7.—Virginia, for the second time in five months, rejected the proposed Federal amendment granting the ballot to women, when the Senate late last night, by a vote of 24 to 10, passed the Leedy resolution for the rejection of the amendment. This action followed twelve hours of unlimited debate and the killing of a substitute by Senator Trinkle, of Wythe, for the adoption of the amendment.

While certain defeat stared them in the face, suffrage leaders put up a determined battle to prevent defeat of the amendment, which kills all chance of ratification by Virginia for two years. Proposals to put the question to a vote of the people were spurned, one resolution having that step in view being voted down at the opening of the session, 23 to 8.

Unalterable opposition to usurpation of State power by the Federal government was the keynote of those favoring the adoption of the Leedy amendment calling for the rejection of the proposed constitution amendment. Against this rock-ribbed defense the proponents of suffrage vainly beat.

Beginning at 10 o'clock in the morning, the contest waged until after 11 o'clock last night, with two short recesses for the members to dine. Under a virtual agreement to do nothing to prevent a vote, the suffrage leaders had a handicap which they sought to overcome by all parliamentary means, but without success.

Powerful addresses were made by both sides, with Senator C. O'Conor Goolrick, of Fredericksburg, making a masterly talk against ratification and Senator E. Lee Trinkle, of Wythe making equally as strong talk for the adoption of suffrage.

Both speeches were compared with the most notable ones in the last two generations. That of the Fredericksburg Senator was pure logic throughout, dealing with the constitutional aspect of the question, while Senator Trinkle offered a more oratorical argument, but one which bristled with facts hard to controvert.

SUNDAY LAW UNTOUCHED

House of Delegates Bill Aimed at Alleged "Blue" Laws

Richmond, Feb. 7.—By a margin of the vote, the House yesterday killed the Boschen-Wilcox bill, amending the Code with relation to the Sunday "blue" laws. The amendment to the existing law provides that "all cities in this State, which have councils and a properly organized Police Department may by their councils, by ordinances, exempt and except from the operation of this section such trades, callings and businesses as they deem proper and may regulate the operation of same."

The measure was opposed and defeated by the delegates from the rural districts, who contended that it would open the doors to all manner of Sabbath desecration. Delegates Boschen and Wilcox, of Richmond; Dodson of Norfolk city, and others spoke in advocacy of the bill.

Mr. Dodson declared that his constituency, and he believed he spoke for other sections, had reached a point where they were tired of the "holier" than thou" attitude of a minority who would tell the masses how they shall live their lives.

NOTICE

The Alexandria Citizens' Association will hold a meeting Monday night February 9, 1920, at Odd Fellows' Hall, North Columbus street, at 8 o'clock. Everyone is welcome. Come and join us in trying to make Alexandria a good place to live and work in. 33-2

FINAL APPROVAL OF RAILROAD MERGER

R., F. and P. Road Absorbs Washington Southern Railway

PRICE PAID $8,000,000

Sale Includes Potomac Railroad Yards Adjoining Alexandria on The North.

Richmond, Va., Feb. 7.—Formal and final approval was given yesterday by the special commission representing the interests of the State, to the proposed merger of the Richmond Fredericksburg and Potomac Railroad Company and the Washington Southern Railway Company under the name of the former corporation. The effect of the merger is practically a purchase of the Washington Southern Railway, which is that portion of the Richmond-Washington line lying between Quantico and the south end of Potomac bridge, including Potomac yards, by the Richmond, Fredericksburg and Potomac Railroad, at a price of $8,000,000. The road is estimated by the special commission to be worth more than $10,000,000.

The meeting was held in the governor's office and was attended by Gov. Davis, Maj. Alexander Forward, Berkely D. Adams and George Bryan, members of the special commission representing the stock and divided obligations owned by the State in the Richmond, Fredericksburg and Potomac road.

SPORTS

The Dreadnoughts defeated the Virginias last night in a City League game at the Armory, 22 to 12, before a fair sized crowd. The contest was hard fought throughout, the Dreadnoughts leading at half time, 10 to 7, and they maintainted their lead until the final whistle blew.

Beeton, Roberts and Driefus starred for the winners, while Owens, Tommy Cockrell and Haynes played well for the losers.

The 5th Engineers team withdrew from the City League last night, and a meeting will be held Sunday afternoon at 1 o'clock at the Community Center to decide on the team to finish out the schedule of the Engineers. The Camp Humphreys Officers Reserve team has applied for the franchise, being willing to accept the Engineers standing, but no action was taken last night. Sunday's meeting will be important, as action will be taken regardless of which teams are on hand if the majority of the clubs are represented.

The Victor Athletic Club defeated the Brothers School Reserves last night at the Lyceum, 22 to 20. The game was hard fought and fast, and an extra five minute period was necessary to decide the winner.

Tonight the Marine Reps of Washington meet the Dreadnoughts at the Armory, and a rattling good game should result. The Dreadnoughts will present their regular line up. The game will be called promptly at 8.15 o'clock.

The American Legion basketball team will play the Aloysius Club Tuesday night at McBurney's Hall Washington and King Street. The Legion five will get in a couple of practice sessions prior to the game if possible, for the former soldiers, sailors and marines are out for bear, and look for the long end of this score. The game will start at 8:15 o'clock Tickets may be secured from members of the Legion.

MOTOR ENGINE IS BEING TESTED

New Apparatus to Take Place of Columbia Steamer

COST THE CITY $10,000

Arrival of Two Motor Hose Wagons February 15 Will Complete Motorization of Fire Department

An official test is being made this afternoon of the new motor engine just purchased by the city to take the place of the old Columbia steamer.

The test is being made at the wharf of the Mutual Ice Company and is being conducted by Fire Chief Kenneth W. Ogden. Mr. Barnetson of the American La France Company, is here with the apparatus and is witnessing the test as also are a number of members of the fire committee of the city council and others.

The new engine cost the city $10,000. The steam engine Columbia will be placed in reserve.

The receipt of the new motor engine gives the city a total of three triple combination engines of seventy-five horsepower, representing a total cost of $28,250 for these engines.

In addition the fire department also is equipped with a city service motor ladder truck at a cost of $6,450, two motor combination hose wagons at a cost of $7,600 for the two, one motor supply truck at a cost of $1,070, and a chief's motor car.

The city in addition has three reserve steamers and there are 9,000 feet of hose in service.

The fire department expects about February 15 to receive two motor hose wagons which complete the motorization of the fire department. Recently all of the fire engine houses have been renovated and Alexandria now stands, equal to any city in the state for its size with modern and up to date equipment and has the best volunteer fire department in the state of Virginia of which the citizens feel justly proud. The firemen have at all times demonstrated their ability to successfully handle any fires that have occurred, and have shown greater efficiency than any fire department in Virginia.

IN MEMORIAM

In sad but loving memory of A. Conway Marshall, son of the late Conway N. and Ethel G. Marshall, age 14 years, who died in Cincinnati, Ohio, 6 months ago.

In loving memory I always think,
Of the one I loved most dear,
The vision grows so clear ometimes
I know he must be near.

Like the lovely flower he faded,
So young to droop and die,
But our Saviour called His loved one
To a brighter home on high.

His beautiful soul like a ray of light,
Has gone to realms above,
Where never again comes sorrow or pain,
In that land of celestial love.

Not now but in the coming years,
It may be in the better land,
We'll read the meaning of our tears,
And then we'll understand.

33-1p. Mother.

CONTEST FOR MAYOR AND CITY COUNCIL

Fight For Common Council in Three Out of Four Wards

PRIMARY APRIL 6th.

Five Candidates Seek Seats in Common Council in Second Ward. Aldermen are Unopposed.

In the primary which will be held April 6 for the purpose of nominations of a mayor and four aldermen and eight members of the common council there will be a contest for mayor and also contests in three out of the four wards of the city for common council.

The time limit for candidates filing notice of their intention to run expired at midnight last night and the candidates for mayor are Capt. Albert Bryan, James M. Duncan and William J. McCaffrey. For aldermen the four incumbents in the four wards are unopposed and they follow: F. F. Marbury, first ward; W. W. Ballenger, second ward; John T. Harrison, third ward; and C. C. Batcheller, fourth ward.

Candidates for council by wards follow: First, J. D. Matter and E. F. Ticer, incumbents, unopposed; second Jerome Kaufmann, incumbent; Robert F. Downham, J. Harvey Robinson. Frank C. Pullin; A. D. Deeton; third. H. R Burke, incumbent; George Kaus. and W C. Drury; Fourth, S. Devers and Clinton S Ballenger, incumbent and W. E. Risdon.

The only two incumbents who did not again enter the race are Joseph M. Armstrong, second ward and August J. Pohl, third ward, all of the above candidates had filed their notices by midnight with Chas. Bendheim, chairman of the city Democratic committee.

As will be seen by the above five candidates seek council honors in the second ward with two to be chosen.

The mayoralty candidates recently have been making a quiet and active canvass, and it is expected that a big vote will be polled in the Democratic primary which is equivalent to an election.

MERCHANTS READY FOR DOLLAR DAY

Big Sale To Be Held Next Tuesday, February Tenth

BARGAINS ARE READY

Those Who Will Participate in Big Sale Have Cards in Windows—Watch Ads Today and Monday.

The Gazette today carries the first announcements of Alexandria's second big Dollar Day Sale which is scheduled to hold the boards for next Tuesday, February 10.

Practically every merchant taking part is represented in the columns of today's Gazette, while others are slated to run their special advertisements in Monday's issue. However almost every article of necessity that the market affords today is represented in these advertisements and many big savings will result from a careful reading and then a visit to the various stores taking part.

Every store in the big sale can be distinguished by the Dollar Day cards in the windows and shoppers are asked to visit these stores on this big day.

Dollar Day comes but twice a year and for these semi-annual events the merchants of the city have made careful and special selections of articles of value. The values to be given cannot be purchased for $1.00 on the market today and a study of the conditons will prove this to the most skeptical buyer.

The following merchants are taking part in this big sale and are ready and willing to prove to you that what they are offering is out of the ordinary in the way of special values

CAN BE USED FOR PIES

New York, Feb. 7.—Charles R. O'Connor, State Federal prohibition agent, anounces that alcoholic liquors can be used for cooking purposes without violating the law. He said:

"New Yorkers have no need to do without brandy in their mince pies or wine sauces on their puddings, as permits will be issued to hotels and restaurants to keep a stock of brandy, and wine or whisky, on hand for legitimate culinary purposes."

Mr. O'Connor has opened a suit of offices for the issuance of permits to those entitled to alcoholic liquors under the Volstead act.

TOO OLD TO GET DIVORCE

Chicago, Feb. 7.—Circuit Court Judge David has set an age limit on divorces.

David Wolf, 67 yerrs old, and his wife, 60, faced him.

"He hasn't spoken to me for six months," said Mrs. Wolf.

"It's disgraceful for people of your age to be in court," said Judge David, and dismissed the case.

HAPPENINGS ABOUT CITY TOLD IN BRIEF

The February term of the Corporation Court, Judge L. C. Barley presiding, will convene at 11 o'clock Monday.

The funeral of Marvin Javins will take place at 3 o'clock Monday afternoon from Beulah Baptist Church, Fairfax county.

FLU ON WANE

Health Officer Asserts Big Decrease During Past Week

Dr. Louis Foulks, city health officer, in a statement issued, declares that conditions here regarding influenza are not now nor have they at any time since the flurry of sickness started been alarming.

He further says: "There have been quite a number of cases of pneumonia since January 1, but on account of weather conditions, that would be normally expected." Continuing he says: "The number of persons suffering from heavy colds, grippe or influenza has been gradually falling off daily for the past week, and the number is now comparatively small."

THE NEW ASSESSMENT

The announcement that State Tax Board has sent letters to the judges of the circuit and corporation courts of this city in relation to the assessment on tangible property to be made this year, and which will continue during the next five years, will afford relief to many owners of real estate in Alexandria.

The board suggests that in order to arrive at a "fair market value" of real estate, the assessors should not be governed by the present inflated values for the reason that the abnormal conditions now existing cannot be expected to continue through the period of five years during which the assessment to be made this year wil continue in force. The State receives 25 cents on the $100 of assessed value, which is devoted to schools, roads and the fight on tuberculosis.

While it is apparent that many owners of houses have taken advantage of the present inflated conditions to materially advance rents it should be remembered that many Alexandrians have by denying themselves in bygone years become the owners of their humble habitations. The incomes of most of such have not been increased during the past few years, although their living expenses have been augmented greatly. It would, therefore, be unjust to exorbitantly increase their assessments.

five years.

As is generally the case, the assessors will be citizens who own real estate and there is every reason to believe Alexandrians will receive a square deal from these officials.

WEATHER AND CRIME

Unusual conditions were presented in both brancehs of Police Court of Wahington Thursday due to meteorological causes. There were but two prisoners brought to court in the "Black Maria" for trial in the District branch. When Judge Hardison took his seat on the bench at 9:30 o'clock it was found that there were no defendants in the dock. The two men had faded away after depositing collateral.

"The weather conditions Thursday," Deputy Clerk Cam. Howard said, "checked the crime wave for the time. Neither bad men nor good men were willing to face driving sleet and biting north winds."

The empty dock in the District Court establishes a record, officials said.

But few cases have appeared on the docket of the Alexandria Police Court since Monday. On Tuesday a colored woman preferred charges against her husband. No witnesses appeared on behalf of the complainant or defendant, and as it seemed to be a case of jealously, the darkey was dismissed with an admonition.

Notwithstandint the weather Thursday night a soldier made it an occasion on which to get drunk. An attempt was made to induce him to board an auto and return to Camp Humphries. This he refused to do, and the police summoned the patrol wagon and placed the offender in the station house. He was fined $10.

Winter weather had its effect upon Cupid Thursday. With walking reduced to plunging through the drifted snow, few dared to venture forth to obtain marriage licenses in Washington.

DISPOSITION OF STRIKES

There may be some justification for the vitriolic attack which the Texas Congressman has made upon the Department of Labor. Representative Blanton charges Secretary Wilson with filling his pay rolls with radicals and accuses him of undue subserviency to Samuel Gompers and other organized labor leaders. He points to the records of such men as Commissioner Howe and other immigration officials who have permitted anarchists to escape deportation and resents spending public money in the interest of men who have violated the laws of the land.

Thinking men feel that the time has come for the ceration of a judicial triounal where industrial disputes may be adjudicated in a positive and final manner says the Philadelphia Inquirer. The idea is almost revolutionary, but it is bound to come some day, at least in the settlement of labor troubles which concern public utilities and the general consumer. Until then we should support government conciliation, which helps materially, even if it does not entirely solve the perplexing problem.

TIDE SWEEPS HOUSES TO SEA

New York, Feb. 7—Four hotels a large section of the boardwalk and several bungalows were washed to sea at Rockaway Beach yesterday by an unusually high tide, driven by a strong northwest wind. Other summer hotels, bunaglows, bathhouses and pavilions along the beach at Coney Island and Rockaway were seriously damaged.

MUST GIVE UP SLAYER

Governer Threatens to Remove Official for Failure to Surrender Relative for Extradition

Tampa, Fla., Feb. 7.—Governor Catts has ordered Sheriff Coleman, of Sumter county, to give "Whitley" Morris, charged with the murder of Vincent Popiel, at Chester, Pa., up to the Pennsylvania officers, who have been at Bushnell, Sumter county, for two weeks since Morris was arrested at Orlando.

The Governor is said by officers here to have threatened to dismiss Sheriff Coleman if Morris is not given up. Morris, with two others, is said to have killed Popiel, a public chauffeur, in his car and made their escape eo this State.

Two of the men were arrested at Plant City several weeks ago, but Morris escaped. He was later arrested at Orlando by Sheriff Gordon, but demanded by Sheriff Coleman on a charge of breaking and entering.

Morris is said by officers here to be related to Coleman. The latter is said by sheriff's forces here to have tried to get the other two men arrested, but was turned down, and they were sent back to Pennsylvania.

FATE MAY SOLVE CLAIMS

One Babe Dies, Burns Mar Other's Face on Eve of Court Battle

Atlanta, Feb. 7.—Fate took a hand today in the tangled claims to blue-eyed Mary Elizabeth and brown eyed Louise Madeline, 8 months old babes, over whom two others were going to court today, when pneumonia claimed Mary Elizabeth, whom neither mother wanted, and the other child fell into an open grate sustaining burns on her face that physicians said might prove fatal or mar her looks for life.

The children were born the same day at the Grady Hospital here and Mrs. John C. Garner recently announced that the blue-eyed child given her was not her own. She claimed Louise Madeline, as the brown-eyed girl is known. Mrs. Daniel L. Pittman, to whom nurses at the city institution gave the brown-eyed child, maintained it was her very own.

Mrs. Garner first offered to take both children to be sure she had her own and later sought habeas corpus proceedings, which were set for tomorrow. Mary Elizabeth, whom Mrs. Garner had been rearing, had been ill for several days and her death, which was not so unexpected, came on the very day that the other got scarred herself for life.

Counsel for Mrs. Garner announced last night that her efforts to obtain possession of the baby she believes to be her own would be continued.

EX-GOV. STUART ON I. C. C.

Virginian Will Succeed Commissioner Harlan

Washington, Feb. 7.—Former Gov. Henry C. Stuart, of Virginia, was nominated yesterday by President Wilson to be a member of the Interstate Commerce Commission, succeeding Commissioner Harlan, who retires to engage in private business.

This appointment has given widespread satisfaction in Washington. After his retirement from the Governorship, he was called to the capital to assist the Government in war work and acted in an advisory capacity on the staffs of both the Food Administration and the Secretary of Agriculture. He is a member of the second Industrial Commission and has been hard at work for weeks upon the report of that body.

Before his election as Governor, Mr. Stuart was a member of the Virginia Corporation Commission.

FACING MURDER TRIAL

Perrygo Held Incommunicado When Mrs. Faithful Dies at Hospital

Mrs. Emily Faithful, 63 years old, who was assaulted in her home at Congress Heights Tuesday, died at 3:05 p. m., Thursday at Casualty Hospital, Washington. Her skull had been fractured by blows struck with a section of metal pipe.

Edgar Ralph Perrygo, 17, is held at the Eleventh Precinct Station in connection with the crime. The charges of assault to kill and robbery entered against him in the police blotter were erased last night and a charge of murder written in their stead.

Miss Mabel Hill, 17 year old sweetheart of Perrygo, is at the house of detention, pending further investigation of the murder. As she sat through the day, ocasionally applying a dainty white handkerchief to her eyes, she was unaware that the new and more serious charges, has been laid at her lover's door.

Perrygo is being held incommunicado. He has not been told of Mrs. Faithful's death.

Perrygo and the girl met for the first time since his arrest, at police headquarters yesterday morning. The pair were interviewed by detectives. The young man, the detectives reported, admitted that $1,935 which was turned over to the police by Miss Hill, was the entire amount stolen from the Faithful residence.

The police have accounted for $6,495 of the $20,000 said to have been in the house on the day of the robbery. They are not yet satisfied that they have recovered all the money thought to have been taken from the house.

All the money recovered by the police, other than the amount received from Perrygo and Miss Hill, was found stuffed in bags made from old stockings and hung about Mrs. Faithful's waist.

NOW CITY OF DEATH

Petrograd Suffers Famine, Cold, Disease and Robbery

Petrograd is described as a city suffering from famine, cold, disease and robbery in a report just made by Professor Zeidler, president of the Russian Red Cross Society, who has investigated conditions in the capital.

"Owing to the want of fuel the capital is becoming a desert," he says. "In a few houses only there are still some inhabitants, and even these generally live in their kitchens Famine conditions in this city are terrible. If the population had not already accustomed itself to feeding on what people in normal circumstances never eat at all, they would have no food whatever.

"The water supply has stopped owing to the want of fuel, and the inhabitants draw their supplies from the Neva or the canals or use melted snow. Cold, hunger and dirt give rise to widespread epidemics.

"Spotted typhus and Spanish influenza, with various complications, have put an end to the sufferings of many unfortunate people. There are no medicines to be had at all. Only four hospitals are still open.

"Electric lights are permitted from 5 to 8 p. m. only. Tram cars run at certain hours, and then merely on the routes needed by the Bolshevists. The authorities are powerless to guard public safety. Gangs of robbers are at work in the deserted quarters of the city carrying off all that may have been left after the searches made by the Red army."

ROB SAFE OF $90,000 BONDS

New York Thieves Loot Broadway Office of J. R. Deering

New York, Feb. 7.—Bonds valued at $90,000 were stolen Thursday night from the office of James R. Deering, at 135 Broadway, it was announced in Wall street today. The outside door of the safe was opened by using the combination and the inside door was forced open. This is the second robbery in two days in the heart of the district.

Entrance was gained to the suite of ten rooms on the fifth floor by forcing a door with a jimmy.

ADOPT UNION PLAN

Protestant Representatives Favor Consolidation of Work

Philadelphia, Feb. 7.—A plan for organic union of Protestant Churches in America was adopted here Thursday by delegates representing approximately 30 denominations after a three days' discussion, and the new movement will be under the guidance of the American Council, an organic union of the Churches of Christ, a name officially selected. A plan was drawn by Henry W. Jessup, New York, representing the Presbyterian Church in the United States. Dr. William Henry Roberts, stated clerk of the Presbyterian Geenral Assembly and chairman of the ad interim committee which considered the plan, was unanimously chosen president of the council.

The specific functions of the council, it was set forth, are to harmonize and unify the work of the united churches, direct such consolidation of missionary activities as well as of particular churches, in over churched areas by uniting boards of churches of any two or more denominations or otherwise. Another duty of the council will be to undertake inspirational and educational leadership of such sort and measure as may be decided upon by the constituent churches from time to time in the fields of evangelism, social service and religious education.

Approval was given to the assembly of a preliminary conference of the proposed world conference on faith and order at Geneva, Switzerland, this summer under the call of the Protestant Episcopal Church.

RANSACK POSTOFFICE

Parcels Are Broken Open and Goods of Value Are Stolen

Danville, Feb. 7.—The post office authorities at Reidsville, N. C., are in a sad quandary after the visit paid by two burglars who left a disgusting condition behind them. Breaking into the postoffice at night, they went systematically through the parcel post packages in the building, ripping open all the packages and taking what they deemed to be of value

Not only that, however, they carefully removed the address of every package leaving the officials with a mass of material on hand and unable to tell for whom it is intended. The litter left by the robbers, indicates that they had plenty of time. The tracks of two men have been clearly discerned.

CONSTANTINE IS BITTER

Crownless King Breaks With Mother Over Marriage of Brother to American Woman

Geneva, Feb. 7.—Former King Constantine of Greece has broken off relations with his mother, Queen Mother Olga, and his brother, Prince Christopher, owing to the marriage of the latter to Mrs .W. B. Leeds last Sunday, it is reported here.

King Constantine is said to have declared he would have refused to attend the wedding even if asked, and it is asserted he still dreams of returning to Athens.

The former Greek King has recently given a number of interviews in which he charges Premier Venizelos with being a "second Lenine."

TROOPS PROTECT SLAYER

Kentucky Negro Indicted for Murder of Schoolgirl

Lexington, Ky., Feb. 6.—William Lockett, negro, alleged self confessed murderer of Geneva Hardman, 10 year old school girl, Wednesday, was indicted here yesterday. He will be placed on trial Monday before Circuit Judge Charles Kerr.

Judge Kerr asked the Governor for State troops to protect Lockett while on trial here. He is still in the State Prison at Frankfort. Two hundred troops will be furnished.

104 IN PERIL ON SHIP

Storm Bars Rescuers From Stranded Princess Anne

New York, Feb. 7.—Baffled by a blinding snowstorm and the towering waves of a furious sea, all attempts of rescuing vessels to reach the Old Dominion liner Princess Anne, aground off Rockaway Point, with 104 persons aboard, had failed last night. More than a half dozen seagoing tugs, a coast guard cutter and a police boat, which put out to the aid of the stranded vessel, were unable to get within hailing distance and shortly after nightfall temporarily abandoned their plans to take off the 32 passengers.

On the shore the coast guard made a desperate but futile effort to get a lifeboat out to the steamship. Unable to launch a boat because of the heavy breakers, Capt. Tucker, of the Arverne coast guard station, and nineteen men were standing by through the night on the shore opposite the Princess Anne.

The distressed vessel, which is about a half mile off shore, could not be discerned through the darkness last night because of the thick weather. She was also unable to communicate by wireless, as her dynamo was reported to have gone out of commission late in the afternoon. When last sighted before nightfall, she was listing to starboard and her stern was gradually swinging in toward the beach. The liner, however, is not believed to be in any immediate danger, as she is apparently resting easily on a sand reef.

Capt. F. Seay, who is in command of the Princess Anne, is reported to have broken his knee cap. Many of the passengers are believed to be suffering from cold and exposure. The ship was also said to be lightless last night, as the lighting plant was reported out of commission.

WET ISSUE RAISED

Governor Edwards Serves Notice he Will Carry Fight to National Convention

New York, Feb. 7.—Prohibition and the Sims-Daniel controversy were injected last night into the testimonial dinner given here to Homer S. Cummings, chairman of the Democratic National Committee, at which Secretary Daniels was the principal speaker. One thousand invitations had been issued to the banquet, which was attended by prominent Democrats from all parts of the country.

The prohibition issue was brought to the proceedings, by Governors Edwards, of New Jersey, and Smith, of New York, and was greeted with obviously mingled feelings by the diners. Governor Edwards was not on the official list of speakers and was called upon unexpectedly after Secretary Daniels had concluded his address. Earlier in the evening the New Jersey executive had been given a striking ovation when he entered the dining hall and there was an even greater demonstration when he arose to speak.

Governor Edwards declared that a great issue had emergede from the past—"the issue of State rights and personal liberty." He asserted that this issue must be decided by the people next November.

TERRIBLY SWOLLEN

Suffering Described as Torture Relieved by Black-Draught

Rossville, Ga—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on his chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would catch me, and I got so I hate castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be decribed as torture.

I went and bought Theford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theford's Black-Draught." Theford's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

ALL WORN OUT

Does morning find you with a lame stiff and aching back? Are you tired all the time—find work a burden? Have you suspected your kidneys? Alexandria people endorse Doan's Kidney Pills. You can rely on their statements.

Mrs. M. E. Williams, 523 Oronoco Street, Alexandria, says: "I was so bad off with pains in my back I was about all worn out. I would put my hands on my back trying to relieve the pain through my kidneys. When I bent over I could hardly straighten again. This weakened me very much and made me so nervous I could hardly stand the least noise. Dizziness affected me when I bent over and everything would turn black. My kidneys didn't act at all right. I tried different things such as purting turpentine on the small of my back until it would blister. Nothing did me any good until I started using Doan's Kidney Pills. I kept getting better right along and was soon cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Williams had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

BUREAU ATTACKED

Forecast Declared Inaccurate by U. S. Representatives

Washington, Feb. 7.—Attacks on the Weather Bureau were made in the House yesterday by Representatives Mann, Republican, Illinois and Bee, Democrat, Texas.

Frequent errors in the bureau's forecasts last summer, Mr. Mann said led him to conclude generally that the weather would not be according to predictions, while Mr. Bee cited the death list resulting from the storm in the Gulf last summer as partly due to lack of warning by the bureau as to the course of the storm.

VIRGINIA NEWS

By some oversight or negligence, the new code of Virginia carries no provision for women to act as deputy court clerk, and unless an amendment is passed by the general Assembly, now in session, a large number of young women of the state will give up their positions. They may still be employed, however, as typists and stenographers The Association of Court Clerks of Virginia is seeking to have the old laws re-enacted.

In opposing the ratification of the Anthony woman suffrage amendment to the Federal Constitution in the State Senate yesterday, Senator Goolrick, of Fredericksburg, advised the Democratic party to ignore the pleas of certain leaders, that the State's rights principle be abandoned for a mere matter of expediency, and advised the party not to follow William Jennings Bryan and statesmen of his kind to defeat, but to enlist for victory under the banner of Herbert C. Hoover.

Heavy rains in the upper counties, together with the rain and hail in the vicinity of Petersburg, for the past several days, has swelled the Appomattox River higher than it has been since the flood of about ten years ago. The waters have gone many feet beyond the banks and still rising, and if it continues to rise much damage will be done to property in the vicinity of the city wharves.

General John J. Pershing has accepted the invitation of the membership committee of the Richmond Chamber of Commerce, and will be in that city on February 23, it is announced.

DAMS BREAK IN DELAWARE

Farm Lands Flooded by Storm; 27 Towns Without Light

Laurel, Del., Feb. 7.—Four dams broke in this vicinity Thursday, following the heavy storm of the last two days, further flooding hundreds of acres of already inundated farm lands. Most of these ponds empty into Record Lakes here, which it is feared will go out. One of the gates has already given away. Laurel River, the outlet for these ponds, has overflowed its banks and many homes adjacent are flooded. The damage is almost incalculable. While the wind somewhat abated yesterday afternoon, rain was still falling.

Roads are strewn with wires and poles. Twenty-seven towns in adjacent counties, lighted from the electric plant here have been without lights since 9 o'clock Wednesday night, owing to wires being down.

Hood Prices, being based absolutely on actual costs of highest quality materials and labor, are consistent with Hood Quality and Road Service

The Hood ideal of tire value and service — greatest average mileage actually delivered at lowest cost per mile — remains unshaken by unsettled conditions which are arising to confront and confuse both tire dealers and tire users.

With costs of materials and labor at a high point, with the cost of cotton showing increase, with labor constantly increasing in cost, with rubber only slightly weakening, and with overhead reduced to a point of efficiency seldom equalled in the tire business, Hood will maintain present prices and quality!

Any reduction under the above conditions would necessitate a reduction of quality or quantity of materials or of both. *We will not pull down our standard* — it has made Hood Tires famous the country over as the Quality Tires of America.

The quality of Hood Tires will be maintained.

Hood prices will continue to be — as in the past — THE standard by which *real* tire values can be safely judged, for to-day the *price* of a tire is the only true representation of comparative value — guarantees have come to mean nothing.

Ask us to show you records of Hood average mileage of last year. Let us prove to you WHY price, divided by miles actually delivered, makes the Hood the most economical tire you can buy.

Can you afford to be without Hoods?

Hood Tires give maximum miles at minimum cost. A bona-fide guarantee with every tire. Fabric guaranteed 8,000 miles; cord guaranteed 10,000 miles. Cut your car expense by equipping with Hoods.

WARNING IS ISSUED

Merchants and Manufacturers' Secretary Sends Out Circular

Warning that throughout the United States, and particularly in the District of Columbit, drives for funds are increasing regularly, the Merchants and Manufacturers' Association yesterdaw, through its secretary Charles J. Columbus, advised its members to carefully investigate appeals for aid before making contributions.

The bulletin issued by the association admonished the merchants that all drives for funds should bear the stamp of approval and represent a cause that is known to be commendable and deserving of public support. The text of the bulletin follows:

"The country has probably never before experienced such a multiplicity of drives for funds and it would seem as if Washington is the stormcenter.

"It is important at this time that the secretary give a warning to the membership of the importance of investigating the responsibility and worthwhileness of any and all appeals for funds. Unscrupulous practices have been put over. Unnecessary and duplicating instrumentalities have been set up with a consequent waste."

THEATRES

GRAND THEATRE

One of the big stunts Tom Mix does in his new photoplay, "The Coming of the Law" is that of "herd riding." "Herd riding" a man consists of five or six men roping the man from his horse, dragging him along the ground through sage brush and a stream of water, jumping over his dragging body with their horses, and beating him with a lariat.

It is the star who is herd ridden in this new William Fox picture, and he certainly has a hard time of it. The scene adds a tremendous thrill to the dramatic element.

"The Coming of the Law" is to be shown at the Grand Theatre tonight.

INGOMAR THEATRE

This big "Flying A Special" "The Valley of Tomorrow," with William Russell will be seen today at the Ingomar. "The Valley of Tomorrow" marks a new milesone in artistic film making. It is a picture that has more than romance and humor, more than suspenseful action, more than beautiful settings, big stars and a fine story. It is drama with a real idea behind it.

VON BERNSTORFF ON LIST

Allies May Try War Criminals by Default if Extradition is Refused.

Berlin, Feb. 7.—At the conclusion of last night's Cabinet session, a member of the Government informed a correspondent that the ministers were unanimous in declaring that surrender of the men demanded by the Allies in the unofficial list received here or any other extradition list was an utter physical impossibility.

The Cabinet meeting, which lasted several hours, was attended by Mathias Erzberger, the Vice Premier and Minister of Finance, whose appearance was his first at a meeting of the ministry since he was shot in the shoulder in the recent atempt of a former cadet officer to assassinate him.

IT'S WINTER STORING

Has flattened out the surface of your velvet suit, but our steaming process will make the pile stand up again and it will look as good as the day you first donned it.

Our dry cleaning methods are scientifically correct and our steaming and pressing is done in a sanitary manner. Dainty Dorothy says your wardrobe needs our attention.
